

Alexandria Gazette.

MONDAY EVENING, NOV. 23, 1903.

LOCAL NEWS.

Sun rises tomorrow at 7:01 a. m. and sets at 4:45 p. m. High water at 10:45 a. m. and 11:45 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy and warmer tonight with possibly showers. Tuesday fair and cooler; fresh southwesterly, shifting to northwesterly winds.

The Fire in Mr. Fowle's House.

John Fowle, the eight-months-old child of Mr. and Mrs. B. H. Fowle, of Kensington, Md., who, with his little two-year-old and a half-brother, was burned so horribly in their home Thursday night, died Saturday morning as a result of his injuries, the other little fellow having expired Friday. The mother, who so bravely went to the rescue of her little sons, is reported to be in a critical condition as a result of her burns, and it is feared that she, too, cannot recover. It is stated that after the mother had rescued the two children from the flames she went to the burning room the second time, believing that there was still another child in the room. This proved not to be true, however, as all of the other children, three in number, were safe, and were being cared for by friends and neighbors. Mrs. Fowle is from this city. She was a Miss Dorsey. Her mother was a daughter of James M. Mason. Mr. Fowle, who is also an Alexandrian, is the brother-in-law of Gen. Fitzhugh Lee, the latter having married a sister of Mr. Fowle. The stricken family has the sincere sympathy of their many friends and acquaintances in this city.

Received Six Votes.

The full returns from all the precincts show that Mr. "Drew" Cawood, the republican candidate for the State Senate, in opposition to Mr. C. Harding Walker, in the Northern Neck district, received six votes in the district. Mr. Cawood made his policy plain during the campaign. He favored "sailors' rights," a cleaning out of the district, and the Rappahannock river and its tributaries, and said that he would have no objection, if elected, to offering a bill in the Senate providing for connecting the Rappahannock and Potomac rivers by cutting a canal through King George county from one river to the other. Mr. Cawood says he has not thought of contesting Senator Walker's election. Mr. Cawood is well-known in this city and has frequently attended public conventions here. On one occasion when he came as a delegate he startled the convention by boldly announcing that "King George don't want no dictation."

Thanksgiving Issued.

A circular has been issued by the board of directors of the Alexandria Hospital reminding the friends of that institution and the citizens of Alexandria and vicinity that Thanksgiving Day is the season when they look to them for donations of money, groceries, provisions of all kinds, household articles, in short any and everything that can be made useful in such an institution. The hospital has for its constant aim the furnishing of the best attentions to the sick and suffering, and, as small an expense as possible, and, if need be, to give this service gratis. Each year a large number of patients are treated gratuitously, but it is only through the hearty co-operation of its many friends its measure of usefulness has been so large. A committee of the managers will be in attendance at the hospital on Thanksgiving Day from 10 a. m. to receive donations.

Attempt to Rob Captain.

Captain Parsons, of the schooner Henry Sutton, lying at W. A. Sano's wharf, had an experience with negro footpads between 8 and 9 o'clock Saturday night. The captain had been up town for the purpose of making some small purchases and entered the yard adjoining the schooner's berth when two negro men appeared in front of him and ordered him to throw up his hands. Instead of obeying their command he pushed a pistol in the faces of the negroes, who ran across a coal pile in the direction of the Globe Mills. The above incident calls to mind the fate of the Norwegian sailor who was murdered in the same locality one night last summer.

Serious Accident.

As has been stated in the Gazette, Mr. Thomas R. Gilmore, father of Engineer Gilmore, of this city, was the victim of an accident at Ronoke Saturday morning. Mr. Gilmore, who has charge of the oil house of the Norfolk and Western Railroad, in the west end of Ronoke, while going to his work yesterday morning was run over by an engine and had both his legs crushed by the right at the ankle and the left above the knee. He was taken to the hospital, where his limbs were amputated. He is sixty-two years of age and chances are against his recovery. It was reported here Saturday that he died from his injuries, but this was incorrect.

Dr. Jekyll and Mr. Hyde.

Good specialties are a feature worthy of mention in connection with the Clifford I. Venie Dr. Jekyll and Mr. Hyde company, which appears at the Opera House tomorrow night. Nelson and French, who are with this company, have no superiors as song and dance artists. Their work is high class, and draws forth favorable comment from the most critical. Louis J. Griffith is another member of this strong company whose artistic work brings forth rounds of applause at every performance. The specialties are but an additional feature of this production, and do not detract from the merit of this greatest of all dramas.

Deaths and Funerals.

Maud L., the fifteen-year old daughter of Mr. and Mrs. Albert B. Bonduant, died at her parents' residence, 206 north Patrick street, yesterday. The remains were shipped to Lynchburg by Deane & Son, undertakers.

The funeral of Mrs. Emily Dixon took place from her late home on Franklin street yesterday evening, and was attended by relatives and friends of the deceased. The services were conducted by Rev. Mr. Jeffers. The pallbearers were Messrs. Dobbie, Gorman, Dean, Robey, Hayden and Nalls.

Yesterday.

The weather yesterday was fair and mild, and many persons were on the street. The day was quiet throughout. About the average number of strangers visited the city during the day. A heavy frost was noticeable this morning.

Charge Against an Officer.

During the past forty-eight hours considerable sensation has been occasioned by a report which has been rapidly circulated to the effect that a well-known member of the police force had been guilty of gross and improper conduct. The complaint, it was alleged, had been made by a young colored woman. Like all such rumors, the matter grew amazingly as it passed from mouth to mouth, but the facts in the case when subjected to a proper analysis presented an entirely different phase. One night during the past summer a colored man seized a young colored woman by the hand while she was standing on the old fair grounds, an entertainment being in progress there at the time. The woman had the man arrested, claiming that he cut one of her wrists. When the case was examined by the Mayor the woman exhibited a mere scratch and as there was no evidence that the man intended to hurt the woman, the charge of malicious assault was dismissed. The officer who made the arrest on that occasion while off duty on Friday afternoon went to the house where the complainant lives and desired to have a private interview with her, he alleging that he made the call in connection with his business as a policeman. The woman avers that while with her the officer's conduct was of an extraordinary nature. An application was made for a warrant for his arrest, but while the matter was being examined and arrangements made for making the accused face his accuser, a note was brought by the latter (signed by herself and husband) in which the woman inquired how much money would be paid provided the charge against the officer were quashed. The officer positively denies the charge made by the woman, whose evidence is in a measure corroborated by her brother who was in the house at the time of the alleged misconduct. In the face of the above no further action was taken in the case so far as the woman's charge is concerned, but further investigation will be made concerning another charge against the officer and should he be found guilty the Mayor will, of course, take proper action.

The Bazar.

The bazar will be held night after night in Armory Hall under the auspices of the Ladies' Confederate Bazar Association for the purpose of raising funds to make further payments on the de Lague building recently purchased as a home for R. E. Camp No. 2, C. V., deserves the substantial patronage of every man, woman and child in this city. The hall itself is really a thing of beauty and the several booths are beautifully and appropriately decorated and arranged. They are presided over by some of Alexandria's most popular matrons and each is surrounded by a bevy of the prettiest girls to be found anywhere on God's green earth, a fact which ought to attract the young men and the old as well, as none is too old to appreciate and admire the beautiful. New and attractive features are presented each night. It is to be hoped that from now on there will be a full attendance, so that the good women in charge may fully realize their expectation. As stated above, visitors to the bazar are much impressed with the many artistic booths, not the least of which is that presided over by Mrs. Thomas Collingsworth, representing the harvest, September, where groceries, vegetables and canned goods of all kinds are to be found. The up-town market, the M. Schuler Beef Company, has a most beautiful display of goods in their line, the meats being particularly attractive, changed as they are every day. The display of coffees and teas from this enterprising firm, is very fine and attracts no little attention. Many and varied table luxuries are to be found here, while even the roof is dotted here and there with seasonal grain, fruits and vegetables, making the whole a thing of beauty. Tonight will be military night Washington Light Infantry, Alexandria Light Infantry Veterans and the Alexandria Light Infantry will be present, also, singers and pianists from Washington who will render music during the evening.

Suit for Damages.

The damage suit of Peachy S. Early against the Southern Railway Company, the Baltimore and Potomac Railway Company and the Philadelphia, Wilmington and Baltimore Railroad Company, which was commenced before Judge Barley in the Corporation Court Friday morning, engaged the attention of the court again Saturday. Mr. Edmund Barke represented the plaintiff, Francis L. Smith the Philadelphia, Wilmington and Baltimore Company. The plaintiff brought suit for \$10,000 for personal injuries alleged to have been received on a track used jointly by the companies named. Counsel for the defendant companies submitted a demurrer to the declaration Friday, and this was argued until a late hour Saturday evening by Attorneys Barke and Carlin. Col. Smith's argument was reserved for Saturday. Judge Barley sustained the second ground of demurrer of the P. W. & R. Co., with leave to amend, and overruled the other grounds. The demurrer of the Southern Railway was sustained as to the second count of the declaration.

Police Court.

[Mayor G. L. Simpson Presiding.] The following cases were disposed of this morning:

A white man, arrested by Officer Knight charged with assault, forfeited his collateral by failing to appear.

John Sims, arrested by Officer Nicholson charged with being drunk, was dismissed with an admonition.

James Thomas, colored, arrested by Officer Nicholson and Lyles charged with being drunk, was dismissed with a reprimand.

A white man, arrested by Officers Allen and Arrington charged with being drunk, forfeited his collateral by failing to appear.

Ernest Fuller, arrested by Officer Beach for being drunk, was dismissed.

Barefooted and Hatless.

Before the stars went out of the sky yesterday morning and when considerable frost was in the air a citizen met a young man in the street who was barefooted and hatless. Upon being accosted he said he belonged to a railroad section gang. The young man was directed to the station house. He did not explain how he got in such a plight, but he had doubtless been drunk and while in that condition had been robbed.

County Court.

[Judge J. M. Love presiding.] The contested election case of Messrs. R. W. Johnston and W. U. Varney against Mr. Crandall Mackey, recently declared elected Commonwealth's Attorney for the county, came up before the court this morning. The complainants allege that fraudulent ballots were cast for Mr. Mackey; that the latter as a member of the electoral board appointed the judges who conducted the election and that he used money in the election. When the matter came up this morning the contestants stated that Judge Love would be put upon the stand and suggested that another judge hear the case. The suggestion was acted upon by Judge Love, who will notify Gov. Montague of the facts in the case and the Governor will designate another judge to hear the case at a date to be hereafter fixed.

Visit from Dr. Rosebro.

Rev. J. W. Rosebro, D. D., President of the Frederickburg College and pastor of the Presbyterian Church in that city, assisted Rev. Dr. Brooke at the Second Presbyterian Church yesterday. In the morning he made a strong and touching appeal for the Orphans' Home and School of the Presbyterian Church at Fredericksburg. At night he preached an eloquent and beautiful sermon from Exodus 23:34. He is a man of rare eloquence and power.

A Would-be Intruder.

At an early hour yesterday morning a strange man attempted to force an entrance into the residence of Mr. Wm. Sisson, on south Lee street. The noise he made aroused members of the family and stranger said he was a railroad man and wanted a place to sleep. He was told he would have to go elsewhere, and later the man moved away.

House Robbed.

Mrs. George Cole, wife of Engineer Cole, living on Patrick street, between Cameron and Queen, reports that her house was entered at an early hour yesterday morning during the absence of her husband and forty dollars and a number of small articles stolen. The thief before he left visited the larder and devoured a large pie.

A shooting affray occurred at Clifton, Fairfax county, Saturday night, in which one of the participants, Thomas Wilson, colored, thirty-five years old, of Lincoln, N. C., was shot in the stomach. He was taken to the Emergency Hospital, in Washington, where surgical treatment was given. It is alleged that the man who did the shooting is William Foster, also colored, whose home is in Charlotte, N. C. The men were working near Clifton on railroad work.

The football game on Saturday afternoon between the Episcopal High School and the Randolph-Macon Academy resulted in a victory for the High School team of 56 to 0. Saturday's game wound up the season at the High School. They claim the school championship of the State.
